

# Applying to Western

A step-by-step guide for 105 students

Information in this publication is for Canadian residents or international applicants not currently attending an Ontario secondary school. If you are an Ontario secondary school student, please visit [welcome.uwo.ca/requirements](https://welcome.uwo.ca/requirements) for information specifically for you.

## Your application step by step

### 1. Check admission requirements

First, identify your applicant type. Then, determine if you have the course requirements for your program by checking pages 5-7, or by visiting our website at [welcome.uwo.ca/requirements](https://welcome.uwo.ca/requirements)

Don't forget to check English language proficiency requirements on page 10 if your first language is not English.

### 2. Mark deadlines and important dates on your calendar

Apply early! Timing is everything and we know you have a lot to remember. See page 8 for important dates and deadlines.

### 3. Apply

Choose the appropriate application as listed on page 11. If you want to be considered for more than one faculty/program, list each as a separate choice. Western does not extend alternate offers of admission from one program to another.

### 4. Send us additional documents

Once you have applied, we will let you know what documents are required to complete your application and how to submit them. For a list of mandatory forms and voluntary supplemental admission profiles see page 9.

## Check your status

Once you apply, you will receive an email with your Western Student Number and step-by-step instructions on how to access your Western Student Center ([student.uwo.ca](https://student.uwo.ca)).

### What's in my Student Center?

- Your To Do list, where we'll ask for documentation if we need it
- Your admission decision once it's made

Check your Student Center often to make sure we have everything we need to evaluate your application.

### Submit your grades

We will request your grades through your Student Center, with specific instructions on how they should be submitted. We will not accept grades submitted in a different format than what is indicated on your To Do list.

### Submit supplemental documentation

Be sure to prepare and submit any supplemental information and required test results by the deadline (see pages 8-9). Refer to your To Do list in Student Center to see what is required to complete your application.

## Identify your applicant type

A detailed outline of the requirements for each applicant type can be found online at: [welcome.uwo.ca/requirements](https://welcome.uwo.ca/requirements)

### Canadian Secondary School Applicant

You are a secondary school student who has already graduated or will be graduating in June, with the required secondary school courses for admission.

### Canadian provinces outside of Ontario

Check pages 5-7 for a detailed list of course requirements, other admission requirements and recommendations for your program.

### CÉGEP Applicant

You must be enrolled in the pre-university CÉGEP program, have completed a minimum of 12 academic semester credits (excluding Physical Education) and have a minimum average of 80 per cent for admission consideration.

If you are registered in, or have completed year two in the pre-university program, you may be eligible for transfer credit depending on:

- Your program of study in CÉGEP;
- Grades in courses eligible for transfer credit consideration (a minimum overall average of 75 per cent); and
- Your desired program of study at Western.

### Secondary School Applicant from Outside of Canada

You are a secondary school student graduating from a school outside of Canada. You will be evaluated under the admission requirements pertaining to the country and education system in which you are studying.

Prerequisites are required for some programs at Western. See pages 6-7 as a guide or visit our website for specific requirements.

### International Baccalaureate Applicant

You are not an Ontario secondary school student and you have completed the full International Baccalaureate Diploma including:

- Six subjects, of which three must be at the Higher Level;
- A minimum grade total of 28\*, including bonus points awarded for the successful completion of the Extended Essay and Theory of Knowledge;
- No mark less than 4 on any individual subject; and
- Prerequisites for your program as specified by Western.

If you are currently in progress, you may be considered for admission based on your predicted IB results.

You are eligible for transfer credit consideration for most Higher Level subjects with a score of 5 or higher if you have successfully completed the full IB diploma and meet Western's admission criteria.

\*This is a minimum grade total required for admission consideration. A competitive score based on predicted results is usually in the low to mid 30s and can vary depending on the program.

### Advanced Placement

You have registered in Advanced Placement courses and have written your AP Exams.

Your admission will be based on your current secondary school curriculum, not Advanced Placement. If you achieved at least 4 out of 5 in your AP exams, you may be considered for transfer credit to a maximum of 2.0 full credits.

### Mature Applicant

You are a Canadian citizen or permanent resident who will be 21 in the calendar year in which you seek admission and do not meet the minimum academic requirements for any other applicant type.

Additional requirements for consideration under the mature applicant guidelines can be found online at:

[welcome.uwo.ca/requirements](https://welcome.uwo.ca/requirements)

You will be required to submit supplementary information if applying for full-time admission.

[welcome.uwo.ca/admissions/forms](https://welcome.uwo.ca/admissions/forms)

### College of Applied Arts and Technology (CAAT) Applicants

You are studying at an Ontario college and have a minimum overall average of 78 per cent in a two- or three-year diploma program or a minimum of 80 per cent in the first year of a recognized General Arts and Science program.

If you are completing a two- or three-year diploma, you may be eligible for transfer credit.

### University Transfer Applicant

You are currently studying at another university, but you want to transfer to Western to complete your degree. You have achieved a minimum final overall average of 70 per cent (B-) and graduated secondary school or equivalent with an acceptable academic average.

If you have already been granted a degree that is equivalent to at least a three-year bachelor's degree from Western, and your degree is from an accredited university that is recognized by Western, you will be considered under our Special Student admission requirements. Special Students are normally seeking to take some courses, not seeking a second undergraduate degree.

### Applicants Seeking Readmission

You are seeking readmission to Western or an Affiliated University College (Brescia, Huron or King's) following withdrawal for unsatisfactory academic standing.

You must submit an application along with the Reconsideration of Admission form. You will also be required to submit supporting documents for review by the Admission Committee.

### Indigenous Applicants

You are Indigenous as defined on the Canadian Constitution Act of 1982 (First Nations, Metis, Inuit) or Native American/Alaska Native from the United States and are seeking an accessible admission pathway.

Western is committed to increasing access to postsecondary education for Indigenous learners and has created an Indigenous Admission Access Category to encourage applications from Indigenous individuals. [indigenous.uwo.ca/admissions](https://indigenous.uwo.ca/admissions)

Contact Indigenous Services for more detailed information.

Tel: 519.661.4095 or 1.888.661.4095

Email: [is.staff@uwo.ca](mailto:is.staff@uwo.ca)

[indigenous.uwo.ca](https://indigenous.uwo.ca)

To be considered for admission to first year on the basis of a Grade 12 Diploma from any province/territory in Canada, you must obtain a minimum 80 per cent average as calculated by Western and have the prerequisites for your program as specified by Western. Please refer to pages 6-7 for further information. Admission is competitive and having the minimum requirements is not a guarantee of admission.
